

Exception

 Hard  3764  52 minutes ago Next problem in: 13h 54m 10s

Problem of the day solved 

Learning to read

Given the exception text:

```
Exception in thread "main" kotlin.NotImplementedError: An operation is not implemented:
Remove this line and write your solution here
    at MainKt.main(Main.kt:2)
    at MainKt.main(Main.kt)
```

Match the parts of the text to their meaning.

Match the items from left and right columns

 Report a typo
